DENVER, Feb. 10.—In an attempt to destroy herself, Miss Violet Briery, aged 28, stepdaughter of R. A. Powell, leaped from a window on the sixth floor of the Mining Exchange building today, landing on the stone pavement below amid the horrified spectators. The girl was picked up unconscious but still breathing.

CAST THEIR VOTES AGAINST HOLDING SECRET SESSION

PASTORS ASSERT HOLY ROLLERS ARE MENACE

Band of Religious Fanatics Should Be Driven Out of City.

YOUNG GIRLS ARE LED AWAY, THEY DECLARE

Conference Is Held With Chief of Police; Action May Be Taken.

THE HOLY ROLLERS are a menace to the community and should be driven out. The organization is bad all through. In Seattle the founder and leader of the cult was shot dead in the street by the brother of a woman he had wronged. The brother was tried and acquitted and was afterwards shot and killed by his sister, while she was suffering from an attack of religious frenzy.

The teachings of the cult lead to insanity and immorality. It is to the best interests of the city that the police drive them from Oakland.

The above statement by the Rev. William Day Simonds, D. D., pastor of the First Unitarian Church, this morning, expresses a sentiment strongly endorsed by ministers of churches throughout the city.

There is a steadily growing feeling in ecclesiastical circles against the sect which, under the guise of religion, works upon the nervous temperament of its followers until they attempt to demonstrate their religion by fanatical ravings, horrible self-inflicted physical punishment, trances and hysteria, which frequently reaches such a pitch

Slot Machine Fixed; Owner Fined \$300

SAN FRANCISCO Feb. 10.—Henry Meyer, proprietor of the Milkmen's Exchange at 17 Mason street, was fined \$300 this morning by Police Judge Conlan before whom he appeared on a charge of operating a fixed nickel-in-the-slot machine. Detective Redmond arrested Meyer on Monday when he himself was stung for about \$5 trying to get a royal flush and get a hundred drinks.

The investigation showed that the machine had nothing higher than three of a kind on it.

Suffering From a Severe Cold His Physician Refuses to Let Him Go to Court.

SAN FRANCISCO Feb. 10.—The expected excusing of the preeminent challenges in the famous trial of Patrick Calhoun which has been going on for a month in Judge Lawlor's court, will not take place this afternoon as scheduled, owing to the illness of special Prosecutor Francis J. Heney.

When court convened this morning for the purpose of examining the tenth venire of sixty citizens summoned as prospective jurors in the trial the court announced that it had heard from Dr. H. C. Moffitt that Mr. Heney was confined

DESPITE FEAR OF LIFE ATTORNEY HYNES HOLDS UP POOLROOM ORDINANCE

OCEAN VIEW'S MAYOR FACES CHARGES

Accused of Declaring He Would Throw Town Wide Open to Gamblers.

TRUSTEES GET BADLY "RATTLED" AT MEETING

Jeers and Cheers So Upset Officials That They Forget Business on Hand.

At an exciting meeting of the Board of Trustees of Ocean View last night at which the poolroom interests clashed and almost came to open battle with the forces of good government, Deputy District Attorney W. H. L. Hynes brow-beat the board out of their intention to down the ordinance prohibiting poolrooms in the city, leaving the matter still open.

The meeting was the most exciting event that has occurred in the life of the new city. The lie was passed on several occasions and it was feared that the poolroom people, who were heeled by a gang of saloon hangers-on, would make trouble for the men who were working for a clean city.

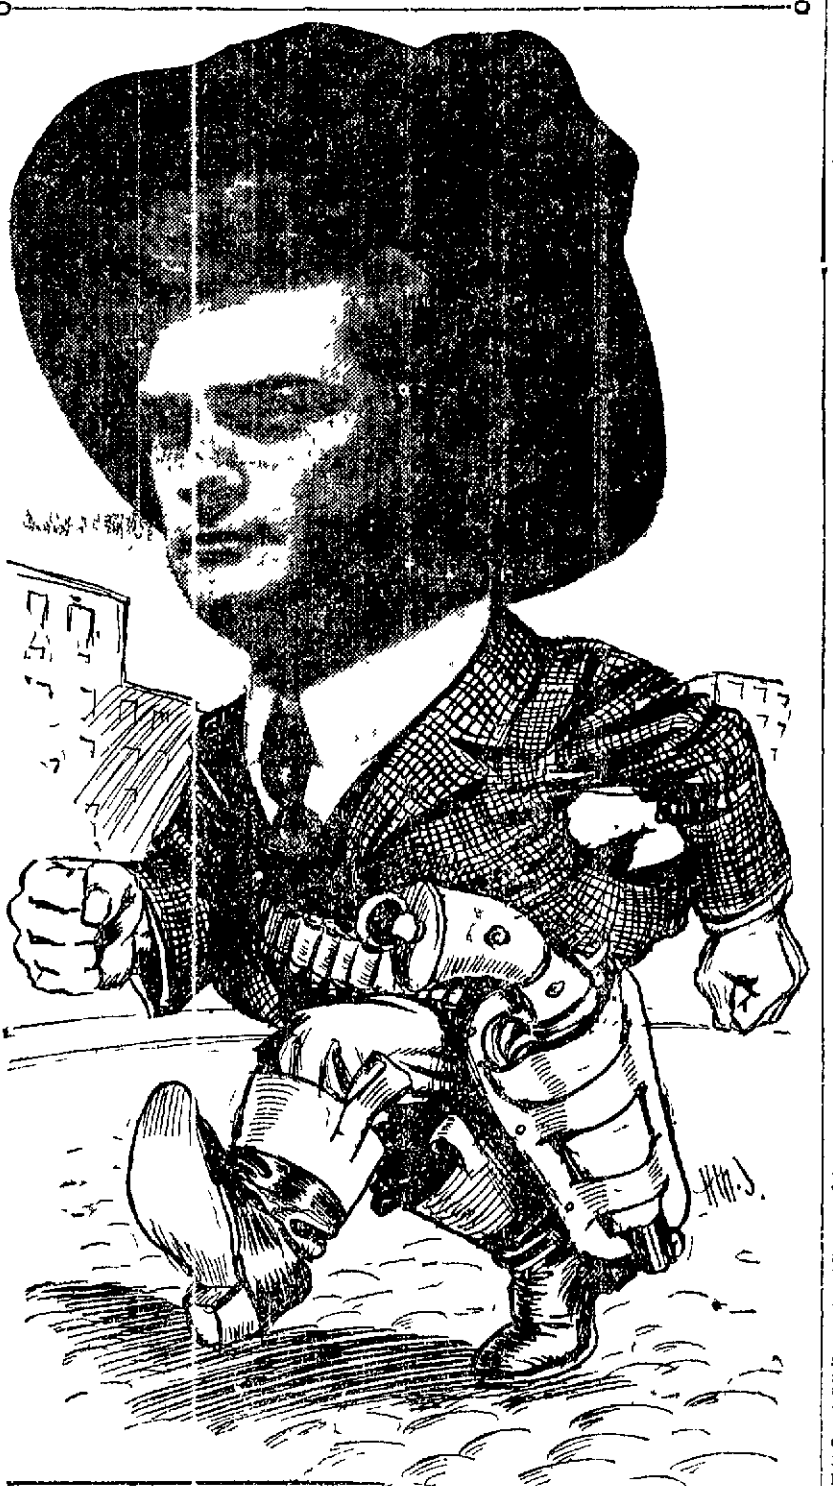

Warned of conditions in Ocean View and of the fact that feeling has been running high since the defeat of the bond call Monday and the declaration of Mayor Frank J. Roberts that he would throw the city open to the gambling interests, Hynes was ready to withstand any possible trouble. The stormy session which followed upon the introduction of the anti-poolroom ordinance justified him in his fears.

GOVERNOR FAILS IN EFFORT TO COMPROMISE

Floor Leaders Meet Chief Executive; Agreement Is Not Reached.

SITUATION SERIOUS, SAYS SPEAKER STANTON

Assemblyman Johnson Refuses to Withdraw Measure or Substitute.

SACRAMENTO, Feb. 10.—All efforts of Governor Gillett and his supporters in the Assembly to make a compromise agreement on anti-Japanese legislation have failed.

The floor leaders met this morning in the office of Speaker Philip A. Stanton to discuss the situation, which they considered desperate.

Grove L. Johnson, author of the school segregation bill who was called into consultation last night with Governor Gillett, Speaker Stanton and J. P. Transue, notified them this morning that he would make a fight against reconsideration of the vote by which the school bill was passed last week.

No New Measure

He would agree to no new measure, as was proposed last night. The Governor urged Johnson to withdraw from the fight, explaining the situation between Japan and the United States, as he had learned it from President Roosevelt. The Assemblyman "stood pat."

In his prayer this morning the chaplain, Rev. N. Marsh, referred to the coming fight.

Fight Is Opened

Assemblyman J. P. Transue of Los Angeles opened this morning the fight over anti-Japanese legislation by the introduction of a resolution withdrawing Grove L. Johnson's bill compelling the Japanese to attend separate schools. The galleries were crowded when the debate began.

Makes Explanation

Transue then explained his resolution. He declared that in the opinion of the assembly that body had the power to enact such legislation but in view of the attitude taken by the federal authorities could record its action in passing the school bill.

Court Dissolves Bond Injunction

SAN FRANCISCO Feb. 10.—Owing to the action of Judge Stewart in knocking out the petition for an injunction against the disposal of the garbage system bonds filed by Editor Flynn of the Wasp, the public utility committee of the Board of Supervisors, when it convenes this afternoon, will be in a position to recommend the award of \$500,000 in bonds upon which bids were received last Monday.

Compromise Measure Is Introduced

Danger Is Over, Says President

WASHINGTON, Feb. 10.—The President today, in talks with visitors, expressed the belief that the danger of a rupture with Japan was practically over. John Temple Graves, the New York editor, was among those to whom the President talked on the subject. Mr. Graves would not repeat any of the President's words, but declared that the President had averted grave dangers to the Pacific Coast and the country.

SACRAMENTO Feb. 10.—With all the strength they can muster and seizing every opportunity for another moment's delay, the supporters of President Roosevelt's attitude on the Japanese question are making their last stand in the Assembly today.

Shortly before 1 o'clock this morning, J. P. Transue of Los Angeles who is close to Governor Gillett and Speaker Stanton, decided to introduce the compromise measure offered to Grove L. Johnson, author of the school segregation bill, at last evening's conference in the Governor's office.

This was a resolution setting forth that while the Assembly believed it had the right to enact anti-Japanese laws, and while it believed the Johnson school segregation bill was constitutional and did not violate any of Japan's treaty rights, it was the sense of the body that its recent vote passing the school bill should be reconsidered and the measure withdrawn because of the request made by President Roosevelt.

Johnson said this morning before the session began that I will fight this matter out on the floor and stand pat. They agreed to compromise, but I could not agree to the introduction of the Transue resolution, and when the House took at 12:30 o'clock a recess until 2 o'clock, Louis W. Juillard, Democratic floor leader, was in the midst of a speech explaining why

CONSOLIDATION ATTEMPT MADE TO BURN CITY PRISON

Each City Must Carry Proposed Measure.

SACRAMENTO Feb. 10.—A compromise measure is now being considered by a county delegation in the legislature of securing a city and county of Oakland. The compromise is suggested by Senator Stiles and proposes that where several municipalities vote for the building such a joint proposition must be carried by a majority in all of the cities proposed.

This would mean that if Berkeley and Alameda should vote on this proposition and the majority of the vote was in favor of the proposition, the city and county government of the state would be allowed to take over the city and county government of the state.

San Francisco Feb. 10.—The proposed measure is now being considered by a county delegation in the legislature of securing a city and county of Oakland. The compromise is suggested by Senator Stiles and proposes that where several municipalities vote for the building such a joint proposition must be carried by a majority in all of the cities proposed.

RACE TRACK BILL NOT SIGNED YET

SACRAMENTO, Feb. 10.—Despite the fact that announcement was made that Governor Gillett would today sign the racetrack gambling bill, the measure had not, so his secretary says, reached the desk of the chief executive up to the hour. According to the secretary, the bill will not be signed today, one of the reasons being, too, the secretary says, the Governor will not sign a bill after it has reached him until he has had it on his desk for several days for consideration. Therefore it is almost a certainty that the bill will not be signed for several days at least.

DEMOCRATS TO VOTE AGAINST RECONSIDERATION

In Caucus on Japanese Situation Minority Decide to Stand Together.

SACRAMENTO, Feb. 10.—Assemblyman W. B. Griffiths of Monticello, who telegraphed Senator George C. Perkins, his close personal friend, that he opposed anti-Japanese legislation at this time and asked for an expression from the senior senator, received the following reply:

If not inconsistent with your views, I hope you will consult and co-operate with Governor Gillett, who, I am sure, has at heart the honor and welfare of our state and of the entire country. Treaties made with foreign nations become the supreme law of the land.

Griffiths said last night that he would vote for reconsideration today on the strength of this message. He has frequently stated that while he favored anti-Japanese legislation on principle, he would await word from the administration before voting for any of the bills.

The Democrats of the assembly caucused last night on the Japanese situation and decided that the twenty votes of the minority should be cast against reconsideration today.

## DISCRIMINATION IS CHARGED BY THEM

Six Companies Wires Protest to President Against Treatment They Receive.

THOROUGHLY IN EARNEST OVER THEIR ATTITUDE

Original Message Contained Objectionable Features Which Were Eliminated.

THROUGH the "Six Companies" the Chinese of San Francisco and Oakland have made President Roosevelt the target for a general protest against discrimination in favor of the Japanese, asking a law the President makes a personal matter of affairs Japanese when the children of Chinese are eliminated from the schools of the country.

This action on the part of the Chinese residents is stirred because of executive activity at Washington over the anti-alien measures that have been pending in the California Legislature.

The communication to President Roosevelt was sent by wire written by Attorney C. F. Sullivan, counsel for the Six Companies, and by N. N. N. That the communication might bear a Chinese official tinge or be supposed for diplomatic reasons, the message was filed with the Western Union Telegraph Company and was sent direct to the President. Communications intended for the President hereafter have usually passed through the medium of the Chinese Consul-General's office.

The message is in no sense a general protest without specific instances of the oppression complained against. It is a plea for the removal of the Chinese from the schools of the country, and the removal of the Chinese from the schools of the country, and the removal of the Chinese from the schools of the country.

Asks for Accounting

The company is incorporated for \$10,000,000, the par value of the shares being \$10. Edmund Burke, who brings suit for himself and other shareholders, demands \$200 shares, he alleges that Burke, although a subscriber to 150,000 shares, has paid only \$200 into the corporation. He claims further that the manager with drew \$2000 and entered it upon the books as attorney's fees, unlawfully retaining the money for his own use. An accounting is now asked of the disposition of the foreign patents which Burke believes have been fraudulently sold.

The United States Wireless Printing Telegraph company has established extensive offices in the old Ross Brothers building on Filmore street, where the inventors have been in and out of the place daily.

## REALTY DEAL ENDS IN CRIMINAL COURT

The case of the people against S. G. Henderson is on trial today in Judge Morrison's court. Henderson is accused by Luce C. ## Police on Watch

Since notified of the exhibition given last Sunday night by a fifteen-year-old girl, Evangeline Barbosa, of 1394 Twenty-third street, who at the "leader's" suggestion went into a trance, at a public meeting, rolling on the floor, moaning and screaming, tearing her flesh and hair until overcome, she even in a corner praying and sobbing convulsively, the police have kept a strict guard over the mission of the sect on Tenth street, in an endeavor to suppress unseemly outbursts.

Last night a crowd of men, filling the hall, reached far out into the street, gathered at the mission. The windows in the front of the hall were shattered to permit the crowd to witness the services, and in the panic which ensued the meeting was broken up.

## Hysterical Pleas

At the beginning of the session there were hysterical pleas and impassioned speeches from several devotees of the cult, but absolutely no rolling, due probably to the presence of the crowd. Men climbed upon each other's shoulders in the rear of the building to get a view of the stage, upon which a score of members of the devout body were gathered.

Little Evangeline Barbosa was not present last night, at the request of the leader of the cult, J. H. Sparks, who is attempting to soothe the emotion of his followers.

## Police Conference

Chief of Police Wilson this morning held a conference with M. J. White of the Society for the Prevention of Cruelty to Children, at his office. He refuses to state what steps he intends to take, however, on the ground that publicity will hurt the cause.

"I talked the matter over with Mr. White," stated Chief Wilson, "and though we have agreed to take measures to prevent the infliction of religious punishment on the children who belong to the sect, I am not prepared at this time to say what they will be."

## Ministers Aroused

Among the ministers who are particularly strong in their denunciation of the Holy Rollers is the Rev. Dr. White, president of the Oakland Federation of Churches and pastor of the First Methodist Church. Dr. White says:

"The sect is a dangerous one; there is no doubt of that. They attack the mentally weak and emotional, inciting them to irresponsible passion, and in many cases to crime. I want to be charitable in my attitude toward all

## PLEA SENT ROOSEVELT BY CHINESE ASSOCIATION

Hon. Theodore Roosevelt, President of the United States, Washington, D. C.

In view of the commendable and just efforts recently made by you on behalf of the Japanese, in regard to certain laws lately proposed and at the present time pending in the Legislature of California, the Chinese Consolidated Benevolent Association, representing the whole of the Chinese people of the United States, feel justified in respectfully calling your attention to certain conditions pertaining to the Chinese both citizens and aliens, in this country, which are in direct and constant conflict with the sentiments expressed by you, both lately and theretofore, relative to the Japanese.

We also feel it our duty toward those whom we represent to respectfully propound to you certain questions which are of the most vital interest to the Chinese residents of the United States, and answers to which we respectfully but earnestly request. Those things we do with all due regard to the clarity of the executive department of the United States, but also in the belief that you, having an unquenchable sympathy for the Chinese, cannot fail to render the same justice to the Chinese when the facts have been laid before you.

## Discriminate Against Chinese

We beg leave to refer you, Mr. President, to the fact that there is a discrimination in favor of Japanese citizens against Chinese citizens, residents and privileged classes of this country. Such a discrimination is very apparent from the fact that the Department of Commerce and Labor, governed by the policy of your administration, imposes upon the Chinese, and Chinese merchants, their families, the privileged classes of Chinese under the treaty, every conceivable embargo, which is in no way suffered by the Japanese.

We appeal to you, Mr. Roosevelt, to right the wrongs suffered by the Chinese of this State of Nevada, whose property, without due or any process of law, was destroyed, and the occupants turned out in the street, homeless and destitute.

We ask of you to enter a strong protest against the present school laws of California which discriminate against Chinese children, whether citizens or aliens, and we respectfully ask you to assist us in taking these laws into the courts to test their constitutionality, as you have stated you will regarding any law which may become such affecting Japanese children.

## Accuse Immigration Inspectors

It is a well-known fact that inspectors of immigration throughout the United States, where the Chinese are concerned, are violating every law of the United States. Chinese are arrested, searched, and their papers, the only means by which they may be identified and saved the humiliation of arrest and deportation, confiscated. There is no remedy to protect these people from such flagrant injustice.

We respectfully ask you to prohibit immigration clerks from passing upon ex parte records made by Chinese, and in all fairness and justice allow returning immigrants or their representatives to examine these records in their own behalf. In the name of justice we appeal to you, Mr. President, that you require and order the Commissioner of Immigration to issue to all classes of Chinese, especially merchants, means of identification when called at ports of entry, thereby saving them from the indignity of arrest, search, seizure, imprisonment and deportation which they suffer when journeying to their interior homes.

It is also a well-known fact that the immigration inspectors under your administration treat the Chinese or route from San Francisco East, via Texas, as if they were criminal.

Chinese merchants, who have given clean bills of health by the authorities of the United States Marine Hospital Service at ports of departure in China, and are ordered deported upon arriving at ports of entry in the United States by the authorities if found suffering from an alleged eye disease of such nature that only a skilled specialist can discern its presence.

## Inhuman Treatment

These children, many of whom are of tender years, are refused permission to be removed to recognized hospitals to be there treated by a skilled specialist, under proper conditions, the amount of which would be paid by the Chinese, and are instead confined in the most inhuman manner, as well as your sense of justice.

Domestic Chinese merchants, their wives and children, and members of the exempt classes, upon applying for admission at the ports of entry in the United States, are prohibited from seeing or communicating with relatives and friends, and from being present at the examination of their cases, and are left in a state of helplessness. Also from being represented by counsel in these proceedings. Can you not ameliorate these conditions?

We ask of you to recommend to the Congress of the United States enactment of laws limiting their jurisdiction the pernicious doctrines and laws by the Supreme Court of the United States versus Ju Toy, 108 U. S. 251.

Many of the laws of the United States and all the rules of the Department of Commerce and Labor uniformly discriminate against the Chinese, and under these laws and rules the inspectors of immigration having charge of Chinese in terms with the policy of the government before them have gone far into this matter of discrimination that they invade Chinese homes without fear or restraint.

## Falsely Imprisoned

The Chinese are dragged from their hearths, confined in prison without trial, and denied the advice of counsel, and are refused the right to consult their own medical advisers. All these things are done without any accusation of any kind being lodged against them, and it is done by officers directly under your control, who have knowledge of it and who have given approval of the laws and rules under which it is done and the unconstitutional methods taken to carry them out.

Of course, the resident commissioners of immigration and the immigration inspectors are compelled to obey departmental rules and regulations; the cause and effect, which prompts our call to you for justice, lies near your hand.

Knowing your sense of justice to all people of whatever nation, class or color, and your confidence in you, Mr. President, to right the wrongs suffered by the resident subjects of the great Chinese empire, which since our existence as a nation has ever been a firm and good friends of this country.

# ANTI-JAPANESE LEGISLATION OPPOSED

Governor Chamberlain of Oregon Declares Proposed Laws Ill-Advised.

EXECUTIVE OPPOSES ASIATIC IMMIGRATION

States Have Right to Separate Schools if They See Fit, He Says.

SALFORD, Ore., Feb. 10.—Governor Chamberlain, Governor of Oregon and United States Senator-elect, who opposed Asiatic immigration legislation, after the Oregon State Senate refused to consider the bill, has issued the following statement regarding the subject, making special reference to the anti-Japanese legislation in California:

"I am not entirely familiar with the character of the anti-Japanese legislation pending before the Legislature. Personally, I am on principle opposed to Japanese and all other Asiatic immigration, but I am inclined to believe that in the emergency and in view of the fact that the Chinese are in the process of adjustment of the relations between this country and Japan, States have the right to separate schools if they see fit, He Says.

"With reference to the public schools, I am of the opinion that States have the right to arrange within their jurisdiction and for the support of which the citizens pay the taxes, to classify and separate pupils in such a way as to be in accordance with the public policy of the State."

further that the case would have no objection to a further putting over the hearing if it should develop that there was but a technical defense.

Assistant District Attorney O'Garra, who is opposing counsel, said that he was not prepared to accept the case as only one of many such cases of technical defense, and that he was beginning to feel in case.

Henry's disposition is said to be temporary, but on the advice of Dr. Moffit, and realizing that he will have to stay in the hospital for some time, which is now in progress, he is expected to remain here today. # IMMIGRATION OF JAPANESE ON DECREASE

Chief of Los Angeles Bureau Says Influx of Nipponese Is Falling Off.

NONE ILLEGALLY IN HIS DISTRICT AT PRESENT

Believes Mikado Is Faithfully Carrying Out His Part of Agreement With America.

LOS ANGELES, Feb. 10.—Careful investigation by A. C. Ridgway, chief of the local immigration bureau, shows that the influx of Japanese into the district has markedly diminished during the past month. Since the agreement between the United States and Japan regarding immigration, there has been a noticeable diminution in the number of applicants for admission to the district. Ridgway says: "The restriction applies only to coolies, who come into competition with American laborers. Without the requisite papers, they are subject to deportation."

SPOKANE, Wash., Feb. 10. — "Breath of Big Red Apples" is the literal interpretation of the name given by Curly Jim, head man of the once powerful Spokane Indian tribe, to a daughter born to Mr. and Mrs. W. L. Leppard of Seattle, while the young mother was speeding to Spokane on an express train from Puget Sound. The babe was brought into the world just as the train reached the apple belt in Central Washington, and she received the Indian name by the veteran Indian, who was at the station when the cars rolled in. Mother and child were quickly conveyed to the Deaconess hospital, where every care and tender attention is being given by the nurses. Jim called at the hospital and left an armful of flowers, promising to come again, saying that as soon as the mother is able to leave the institution the babe will be christened with the ceremonials of the tribe with chieftains.

(Special to The Tribune)  
SACRAMENTO, Feb. 10.—Practically all the leading officers of Alameda County met the joint delegation from Alameda County in the legislative hall last night for the purpose of giving the committee information as regards the need of their respective offices in the matter of increase in salaries and clerical assistance for the next two years.

Every official told that there had been a great increase in the amount of work done in his office during the past two years and that it was imperative that salaries should be raised and positions created.

**Fees Received**

There was some pointed questions propounded by Assemblyman Mott to County Assessor Dalton and by Senator Leary to County Clerk Cook. In the former instance the queries were designed to show that aside from his salary the assessor was also in receipt of fees for the collection of poll tax and personal property tax.

The questioning of the assessor was inspired by a similar idea and to elicit information which might lead the delegation to pay the assessor a flat salary as it was asserted in the case in Los Angeles instead of paying him so much for every inquest held.

**Action Postponed**

The purpose of the inquiry was to enable the delegation to form a county government act which is to be put through the present session. No action was taken by the delegation and though after the inquiry the members went into executive session but only for a few minutes after which it decided to meet again next Tuesday night.

The officers present were Tax Collector Barber, District Attorney Donahue, Deputy Recorder Shielair, Deputy Collector of Horses Joan Delaney of the public administrator's office, Deputy Auditor Harry Rogers, Colonel Tidale, County Clerk Cook, County Superintendent of Schools Erick, County Treasurer Kelly, Sheriff Barnett, Supervisor Kelley, County Surveyor Hayland and a number of residents of Alameda County among whom were Paul Goldsmith, R. P. Miller, F. St. Suro and Richard Aye.

**Law Makers Present**

The members of the delegation on hand were Senators Leary, Bates, Streibridge and Stetson and Assemblymen Mott, Leely, Hans, Pulifer, Silver Young and Otis. County Clerk Cook asked for an increase of slightly over \$3000 a year. One of the items of the change was the creation of the office of cashier at a salary of \$1500. Another change was allowing a man to serve for not to exceed a month when required and allowing another man to serve not more than ten months at a salary of \$125 a month. This last feature includes an extension of four months over the present allowance of the law. The salary of the chief deputy was recommended increased from \$1800 to \$2100 and that of the assistant judgment clerk from \$1200 to \$1500.

Two of the men took in every month about \$3000. There were also men handling that money receiving it for fees of various kinds. Recently the expert of the grand jury had gone all through the records of the office for the purpose of checking up the receipts for a long time past. Cook said that he felt very anxious while the checking up was in progress. The stress in the check book were not the only things which were used by the expert in the work but every paper was also taken in connection with the showing in the register of actions. He had no fear of the result in so far as the honesty of his deputies was concerned but he was worried lest there should be some mistake made in the charging of the right

Welcome President-Elect.

Shall it Be "Poulet Creole," or

Butter?

PORT SAID, via New Orleans, Feb. 10.—Wireless communications received here today say that President-elect Taft and party are expected 300 miles off the coast at the mouth of the Mississippi. He is due to arrive at South Pass at midnight. NEW ORLEANS, Feb. 10.—Although the time is needed for the arrival of President-elect Taft is still many hours off New Orleans, awoke today and was prepared to greet the distinguished visitor who is expected to land at 3 o'clock Thursday afternoon on the return trip from Panama.

**To Arrive On Cruiser**

Last night a wireless message bore the news of the arrival of the mouth of the river of the scout cruiser Birmingham which will be in the Gulf until the North Carolina and Albatross are sighted and will then proceed for the transfer of the President-elect who will leave the North Carolina for South Pass and will come up the river on the return trip.

A heavy thunder storm late yesterday day had with many of the decorations which had been placed in honor of the President-elect and had caused some anxiety on the part of those who imagined the storm was also raging in the Gulf.

Marines, however, gave assurance that the North Carolina could not possibly have made such a good time as to have gotten within the Gulf area.

**What to Eat**

The chefs and others are still busy considering what will be best to eat at the banquet. Some insist upon poulet creole, among chicken stuff with fresh mushrooms, while others desire that teal duck with a carefully prepared pecan nut butter would be more appetizing. Many favor a fish which is either pompano or sheep head and will be cooked in wine. There will be a fruit salad in which the principal ingredients will be grapes, strawberries, peaches, watermelon, cantaloupe and a rich chocolate dressing.

Bisque glace, pecan nuts and other sweet things will be served for the last courses.

**Wines of Rare Vintage**

Old cellars have been ransacked and wine of rare vintage unearthed for the occasion.

There will be Amontillado, chateau Lafite and many other fine old wines which according to the chefs have been stored away for so many years that they will be required to get them from the shelves which have formed over the bottles.

A feature of the banquet is to be the serving of the rare brochet, a small hundred after bowls have been secured and the coffee ring with the splendor and elegance will be adorned with long silver ladies by darkles, champagne, all creole songs while the alcohol is burning.

Cardinal Gibbons who will pronounce the invocation at the banquet arrived last night.

The wheel, which carried 100,000 pounds and was 20 feet in diameter, was making sixty-five revolutions per minute under steam power at the time it occurred. Fragments of iron were hurled through the roof of the building and scattered in both directions to a distance of several hundred feet.

One of the men was bringing the prisoner sought from his cell to the office. He was no telling what the caller might be doing in the office or what wear he might be concealing.

**Shy on Bailiffs**

Barnet was asked if the prospective appointment of two more judges had been considered in his quest to help and replied that it had not. He said two judges should be appointed, there would be two more judges appointed. He explained that there were times in which there were demands made on him for bailiffs by the judges which he could not satisfy. There were times when news of holidays and other offenses was a bit to him.

WASHINGTON, Feb. 10.—The two houses of Congress met in joint session in the hall of the Capitol at 1 o'clock today for the purpose of counting the electoral votes and declaring the election of William Howard Taft as President and Woodrow Wilson as Vice-President of the United States.

Vice-President Fairbanks occupied a seat at the right of Speaker Cannon and presided. After announcing the purpose of the gathering, he unlocked the wooden boxes containing the electoral votes, and then, after counting them in alphabetical order by States,

**Ballots Counted**

As the boxes of each state were opened, they were taken to the vice-president by the U. S. Senators Burrows and Bailey and Representatives Haines and Russell who sat at them.

The count concluded the result was announced by the presiding officer, 221 electoral votes for Taft and Sherman and 120 votes for Bryan and Keim.

**Cheers for Taft**

The vice president inquired if there is any protest against the vote as announced and there being none he formally announced the result, the election of William Howard Taft as President and Woodrow Wilson as Vice-President.

**Will Employ Thousand**

It has been intimated that one firm in particular has in option on land at the upper part of the creek and is ready to install a plant which will give employment to 1000 when the estuary is opened up.

The water of the upper estuary will allow of ships with a draught of 13 feet to float in the channel, and if it is decided to open the bridges the firms occupying sites will be only pleased to dredge their parts of the waterfront.

## KINDERGARTEN SCHOOLS WANTED

### Berkeley Mothers Believe They Should Be Special Public Educational Feature.

BERKELEY, Feb. 5.—The South Berkeley kindergarten in the Park Congregational church, under the direction of Miss Lovella Chase, is experiencing steady growth. There are now over twenty children in daily attendance.

As soon as the new charter goes into effect the various local child laborers endeavor to convince the authorities that kindergartens are a needed adjunct of the public school system. The city should provide for their maintenance. The school board will be asked to create a kindergarten department and employ teachers regularly in this work.

It is the arrangement in San Jose, and it has met with much success and is highly commended by the educational authorities.

# BIG GAIN IN ALL CLASSES

## Today's List Shows Few Changes in Leadership---Miss Anna Vinther Leads the Young Ladies' Class.

Among the young ladies of Oakland Miss Anna Vinther today goes above Miss Isabelle Fletcher by a few thousand votes. Miss Vinther wants the piano, for she is a piano player, and her many friends are doing all they can to secure it for her.

Among the young men Mr. Healy still holds the first place, as does Mr. Crumpton in the division for the piano. In the race for the prize offered the most popular man in Alameda county, Mr. Prior holds the post of honor, with Asa V. Mendonza only a few votes behind him. There promises to be an interesting tussle in this division, for there are many prominent citizens nominated who are expected to make a good showing before the contest is over.

### Honor List Good Move

It has already been proved that the shortening of the published list of contestants has been the best move so far in the contest. Instead of discouraging the candidates who are excluded, it has given them a goal toward which to work, and has stimulated them to greater efforts. On the other hand, those candidates whose names are on the roll of honor are encouraged by seeing a smaller number of competitors lined up against them.

### Others Will Rise

The present list will by no means hold, as any number of candidates who have so far only been ready names in the paper, will now get to work securing subscriptions in order to hold their places on the list. They find how easy it is to get subscribers for paper like THE TRIBUNE they will fight to get it, and perhaps win. There will be new arrivals on the list each day, and the sooner the better, if the work done is to be worthy of the reward adequate. Candidates should remember that one vote may decide who wins, and that the vote now means just as much as the one cast April 14. Get subscription now.

### A Tip to the Wise

A number of contestants have done little as yet, because they have considered it next to impossible to get to see their friends during the rainy weather. If they were wise they would reason differently. When it is warm and sunny everyone will be out, not only every contestant with his subscription book, but every subscriber with his pocket book. These rainy afternoons are just the time to call and talk for the subscription book, for it is wise to clinch their subscriptions before they have purchased their new spring hat.

### Today's Illustrations

Mrs. Eva Hampton is a young widow, who is making a good fight for the lot. She is in the district east of Grove, where she has many friends. Lee Norton is a bright lad whose chances are good if he works from now on until the end.

Peter Van Houtte comes under the class devoted to railway employees. Mr. Van Houtte has a number of friends who are working for him and who feel sure he will win the \$200 furniture order offered to the man voted most popular.

### Classified Ads Help

An unusually liberal feature of this contest is the fact that votes are being issued with classified advertising. Five votes will be given for each five cents worth up to \$1, and from then on an ascending scale as follows:

100 votes for..... \$1.00  
150 votes for..... 1.50

## "THE LIMIT" IS CLEVER SKETCH

CLAUDIA COLONNA, Who is playing this week at the Novelty Theater.

## East Oakland Association Holds Annual Meeting and Elects New Officers.

The Novelty Theater, vaudeville bill, continues to attract a large crowd. The week's offerings include a breezy comedy, "The Limit." It combines interesting and amusing dialogue with a wealth of comedy situations that hold the laughter of the audience. The new cast, Burton and Holmes, who present this interesting play, are past masters in creating fun and their number is easily the largest in the bill.

Four American brothers, in a breezy comedy sketch, introduce you to numbers that are rendered in excellent style and they seem to go with the audience. If the audience enjoys this sketch as any other, they will receive a series of well-acted tricks in mid-air.

Martinez and Martinez, a picture opera in dapper costume, prove a hit for the musical order. It is a story of a man and a woman of different mind and of great contrasts.

James D. Tink gets more music out of the piano than any ordinary mortal and he plays this good old instrument with skill and energy that he rather enjoys the orchestra. The Vitaphone presents some interesting pictures this week.

## RECEPTION PLANNED FOR B'NAI B'RITH DELEGATES

The reception to be tendered to the visiting delegates of the Grand Lodge, in dependent order, B'NAI B'RITH, will be a notable social event. It will be held Sunday night, February 21, in 15th street.

The receiving committee consists of: Messrs. J. L. Abrahamson (chairman), Solomon Rubin, George Samuels, J. L. Abrahamson, Morris Schneider, M. P. Lander, P. A. Littlejohn, Max Marcus and J. L. Abrahamson.

# S.S.S. HEALS OLD SORES

Before any sore can heal the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will heal it. The nerves and tissues of the flesh around the sore are continually fed with unhealthy matter by draining it from the system. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down completely cleanses the circulation through the sore, but the pure blood, S. S. S. heals the sore with healthy, firm flesh, it purifies the blood the place skin regains its natural color and permanently healed. # KINDERGARTEN IS PROSPERING

East Oakland Association  
Holds Annual Meeting and  
Elects New Officers.

The annual meeting of the East Oakland Free Kindergarten association was held February 3 at the home of Miss Charles Williams in East Oakland, at which time the reports of its various officers and committees were read.

As a gratifying and substantial result of the efforts of the kindergarten teachers, the board was able to purchase a lot and to complete the erection of a kindergarten building, which has been their aim for many years. The plans for the building are about completed and work will be commenced as soon as possible.

The kindergarten has an enrollment of ninety children, with an average daily attendance of twenty-five. Miss Charles Williams, president, reported that the kindergarten teachers, gave the children a thoughtful party and Christmas tree, both of which greatly pleased them.

In a brief report, Mrs. C. G. Browner, who has for the past six years presided over the kindergarten, reported that the kindergarten has been able to continue in office. A high tribute was paid her by the members for her efficient and devoted service.

The board is very grateful to their subscribers and friends for the contributions and assistance they have given and extend their sincere thanks and appreciation to all.

Officers were elected for the ensuing year: President, Mrs. L. R. Frick; first vice-president, Miss Emma Williams; second vice-president, Mrs. James P. Vane; financial secretary, Miss Henrietta Frear; treasurer, Miss Edith Schultz.
